Primary Logo

Logo Variations

Usage of the mark without wording is permitted in formats shown.
Minimum distance kept around logo should remain proportionate to the size of the logo based off of the circumference of the rounded/circle shape of each letter in mark. Exceptions may be made at the approval of the National Center.

Incorrect Treatments

The full color logo must not be used on a contrasting color background, over top of a photo image, or on a dark background such as black or navy blue, which would impede the clear visibility of the logo. In these cases, the logo used should be a one-color treatment for visibility and clarity.
Incorrect Treatments

- The logo is not to have the mark and words stacked.
- The mark can not be one full color and the words one full color – must follow proper use when in full color format.
- When in full color format, the text can not deviate from the primary logo color scheme.
- The full color, primary logo must include the line separator.

IMPORTANT NOTE REGARDING LOGO COLOR TREATMENT: The BPA logo, mark and social icon must either appear in an approved one-color format or, if two-color/full color format, those colors must be the approved PMS color blue or red from either the primary or secondary color palette. Alternating the two-color/full color to red and white, or blue and white or any other color combination other than the official red and blue is deemed an incorrect format and is in violation of the brand and style guide.

Social Avatar

State or Chapter name is not to appear inside the circle and/or above or below the bpa mark. States and Chapters are to appear under the social avatar and the font color used should be the approved PMS color blue from either the primary or secondary color palette. Social avatars may be provided by the National Center for each State and Chapter use. Additionally, State or Chapter name should be displayed with full upper case and there should be no additional images or obstructions inside, on or around the social mark.

The graphic standards for the printed page should be observed in Internet, website, or multimedia presentation creation, whenever possible.

The rules for official logo colors should be observed. If PMS colors or RGB formulas are not available options with your software and only preset color choices are available, then the nearest approximations to the official logo colors should be chosen.

If animation is employed, the logo may change or evolve during animation, but its final state should be either the one or two-color version of the logo without any distortion or color change. Third dimension or depth may be added to the logo if it does not greatly distort the logo or change its color.

As in the standards for the printed page, subdued colors which convey a “business look,” should be used.

The Business Professionals of America Torch Awards Program has an individual identity for use when promoting the program*. In addition to a program identity, each level of the Torch Awards Program recognized by the organization has been provided with an individual identity which includes color enhancement. The concept of the design is to provide a consistent, streamlined identity across the organization from chapter to state to national levels.

The following guidelines have been established for the Torch Awards Program identity:

• The size of the identity may not be less than 1.5" in diameter.

• The typeface to compliment the Torch Awards Program is Helvetica Light.

• The full color identity must be navy blue and red.

• The one-color version may only be printed in navy blue or black.

• The one-color reverse (white) identity may only be used when printing on dark color such as black, dark gray, navy blue, or red.

*EXCEPTION: There are a few exceptions where the symbol of the torch incorporated into the Torch Awards Program identity can be used as a stand-alone image, but only when it is being used to represent or promote Business Professionals of America’s Torch Program.

The torch symbol cannot be incorporated into the Business Professionals of America logo/brand identity in any way. It must remain as a stand-alone image outside of the Business Professionals of America or full Torch Awards Program identity. All exceptions must be approved by the National Center in advance.

To reduce the occurrence of inconsistent color, it is recommended and encouraged that all printed pieces are to be printed with Pantone Matching System (PMS) ink. The PMS colors for the Torch Awards Program identity are as follows:

- Navy: PMS 289
- Red: PMS 185

Each of the individual levels for the Torch Awards Program may be printed in one-color using either black or navy blue. The one-color reverse (white) logo may only be used when printing on a dark color such as black, dark gray, navy blue, or red.
